

THE DESIGN REGISTRATION LEAGUE

UMBRA BECOMES A CHARTER MEMBER OF THE DESIGN REGISTRATION LEAGUE

The Design Registration League is very pleased to announce that Umbra, LLC has become a charter member.

Childhood friends, Paul Rowan and Les Mandelbaum, founded Umbra in 1979 in order to provide casual, contemporary, and affordable designs for the home (www.umbra.com). Their novel products are available at over 25,000 retailers in more than 75 countries, including picture frames, garbage cans, window treatments, kitchenware, bathroom accessories, decorative hardware and furniture.

The DRL is very proud that a company dedicated to advancing good design has answered our call to support the enactment of a modern, 21st century design protection law in the United States.

We wish to thank the Umbra for its vote of confidence and support.
